

Mini Bridges

CUSTOM, ENGINEERED STEEL BRIDGES

Style

Mini Bridges are fabricated with multiple finish options.

Whether you want an elegant arched bridge or a straight bridge, Mini Bridges can provide them all from 1, 2, 3 or 4 ton capacities in widths from 7' to 10' and up to 100' long.

Finishes

You can choose from sandblasted, galvanized and a wide variety of paint colours.

Decking

Decking options range from pressure treated pine or white oak hardwood to steel grating.
